Editor's Note: Jeff Tateosian

Welcome to the PTC Monthly News Update. As a reminder, we will continue to mail out the customary six plus page Drop Shot along with member invoices on a quarterly basis. Those issues will continue to feature casual club information, member activities, and lots of photos. During the other eight months, we

will email a streamlined, update of upcoming activities and pertinent news. Our aim with these new monthly updates is simply to give you the "need to know news" fast, thereby increasing the monthly readership. As always, we welcome your comments.

Tennis Pro: Milosh Stephanovich

I would like to take this opportunity and thank you all for being so welcoming. It's been a real pleasure spending time at the club and on the courts. I've had great communication with team captains and teams in setting up clinics, and a lot of input from parents while putting together the Junior program. I'd love for this trend to go on so we can continue to have a program that suits everyone's needs as best as possible. In the next couple of weeks, there will be a meet-the-pro event for me to officially greet everyone. In addition, the Junior summer program will be drafted soon and the details of all these upcoming events will be 'blasted' out in an email.

See you on the courts!

Webmaster: Dennis Mayer

PTC website has been updated. The web cams are working again. After moving to new servers, the cameras will now refresh four times a minute. The front courts are now on the home page. For the back court cam, click "back" under the Court Camera section. The photos no longer auto refresh, so you will need to tap your refresh button to load a new photo. The other item to note is that there is a new password for the roster. Please see **Lona** for that updated password. One more thing.... we are setting up a new Pro calendar to help you plan your clinics and lessons on the club website. In the meantime, please call or email **Milosh** at amilosh@live.com.
